URGE WOMEN'S AID IN CIVICS PROBLEMS

MAYOR AND C. OF C. OFFICIALS ADDRESS CLUB YESTERDAY

CONSIDER MUTUAL HELP

Invited to Send Representative to Chamber of Commerce Meetings to Better Work in Unison.

Mayor W. O. Garrett, George L. Willey, president of the Chamber of Commerce, and George A. Pickens, secretary of the same organization, were the speakers at the December luncheon of the Twentieth Century club yesterday afternoon at the home of Mrs. W. O. Garrett. The affair was under the auspices of the conservation department, of which Mrs. G. B. Holmes ,Sr., is district chairman and Mrs. Anderson Craig is club chairman. Mrs Arthur A. Brewer, president of the club, in her preliminary remarks explained the purpose of these get together meetings. Mayor Garrett was the first speaker and he told the members how they could co-operate with the city officials in conserving fuel. Secretary Pickens laid stress on the same subject, dwelling on the necessity of fuel conservation at this time. Mr. Willey gave a most interesting talk on how the Maryville clubs can work with the chamber of commerce for the betterment of Maryville and Nodaway county. He spoke of the equality of the man and woman from the beginning of time down to the present day. In behalf of the Chamber of Commerce he invited the clubs to send representatives to the meetings of that organization in order that they may work in unison more effectively. Both Mrs. Holmes and Mrs. Craig discussed the program for conservation for the year, including the maintenance of our natural resources such as forests, highways, etc. They spoke of the state flower which will be decided upon at the convention of the State Federation of Women's Clubs next spring. At the last convention the crab apple blossom was chosen as the state flower but since the sunflower is already the choice of several states the majority of the club women over the state have decided on the red haw.

Preceding the program a delicious cafeteria luncheon was served. The hostesses included Mrs. Garrett, Mrs. M. J. Alderman, Mrs. Norman Chamberlin, Mrs. Gallatin Craig, Mrs. L. G. Crossan, Mrs. Roy Curfman, Mrs. Jess Douglas, Mrs. R. H. Duncan, Mrs. Charles Eckert, Mrs. Ed Egley and Mrs. Elmer Fraser. Miss Maud Trestrail of Des Moines, Ia., who is visiting at the home of Mr. and Mrs. F. P. Reuillard was a guest. The next luncheon will be January 8 at the home of Mrs. A. F. Harvey.

CATTERSON CATTLE WINS PRIZE INTERNATIONAL SHOW

Black Belden, Aberdeen Angus Bull Wins Second in Two Year Old Class.

Hal Catterson returned this morning from Chicago where he went to attend the International Live Stock show.

Mr. Catterson exhibited some registered Aberdeen Angus cattle and took second prize in the two year old class with Black Belden. The bull was sold after the show to an eastern breeder for $2150. Mr. Catterson also took a car of beef cattle to sale when he went into Chicago.

GLOBE-DEMOCRAT PURCHASES THE ST. LOUIS R...

Republic was First Newspaper to be Published West of the Mississippi.

St. Louis, Dec. 5.—The St. Louis Republic, one of the oldest newspapers in the United States and the first to be published west of the Mississippi river, has been purchased by its competitor, the St. Louis Globe-Democrat, and will suspend publication with today's issue, it was announced formally last night.

The sale was consummated shortly before midnight. Details of the sale were not made public, but both papers will print announcements of the sale in today's issues.

The Republic was a Democrat organ while its purchaser is a Republican newspaper.

David R. Francis, American Ambassador to Russia, was the principal owner of the Republic. The paper has been failing financially for several years, it was said, and this, coupled with the high cost of publishing materials, encouraged Mr. Francis, to consummate the sale.

POULTRY SHOW TO BE HELD IN ZOOK BUILDING, DEC. 8-11

Exhibition in no Way Violates Fuel Orders. For Saftey of Birds Building is Unheated.

The annual exhibit of the Northwest Missouri Poultry association to be held here Dec. 8-11, will be carried on as announced. This meeting in no way violates the fuel administration orders for fuel conservation, as the building where the birds are exhibited is unheated. The fowls are not shown in heated rooms at any time. The office work and conferences of the show will be held in some of the offices of the board.

The exhibition will be in the Zook building on North main street. Judge J. H. Sayler, secretary of the association, has received many notifications of entires and the showing promises to be an exceptionally fine one this year. Last year on account of the flu epidemic, the show was cancelled. This morning Mr. Sayler received an entry card from Fort Morgan, Colo., and another from Cape Girardeau, Mo. and there are a great number from all parts of the state.

The premiums on pens will be $2 for first and $1 for second instead of $1 for first and 50 cents for second as listed in the catalogue.

ROBERT BAILEY ESCAPES FROM GENTRY COUNTY JAIL

Make Get Away in Modern Style in a Fine Car Taken From Family Garage.

Robert Bailey who was a prisoner in the Nodaway county jail on a charg of being connecting with the stealing of W. I. Gray's car at Ravenwood and later turned over to the county authorities at Albany, made his escape from the Gentry county jail at Albany Monday night.

The following is from this week's Albany Ledger:

After several years of comparative tranquility the old Gentry county jail was the scene of another delivery on Monday night of this week, when Robert and Hugh Bailey, confessed thieves of the Jeff Patton Buick car, sawed their way to liberty and made their escape in the darkness. But these two accomplished crooks did not make their get away by the old fashioned and slow method employed by men of other days who did the same trick. Instead, they helped themselves to the fine Nash car belonging to I. N. Swetnam and which was carefully locked in the family garage a short distance from the jail, and the last they were seen by any one around here, it is thought, was when they seemed to have opened the car to almost full capacity and were headed south.

USE FULL POWER OPEN IDLE MINES

WILL INVOKE ALL STATE RESOURCES TO OPERATE

VOLUNTEERS PROTECTED

Seventh Infantry on Guard in Barton County by Order of Gov. Gardner.

Jefferson City, Dec. 5.—Governor Gardner announced today the coal miners of Bates county had decided to return to work immediately. This field produces 500 tons of coal daily.

Kansas City, Dec. 5.—Following the proclamation of Governor Gardner late yesterday afternoon seizing Missouri coal mines, the state is ready to start mining coal unless striking miners return to work by noon today.

St. Louis, Dec. 5.—Several developments within the last twenty four hours tended to lend hope of some amelioration of the critical fuel situation, causing much suffering over the state, in the near future. The most promising a ray of hope was the announcement from Washington that the Fuel Administration had ordered all coal consigned to tidewater, diverted to mid western states where suffering is being felt in the smaller towns from lack of fuel. Just how much additional fuel Missouri will secure through his system is still uncertain, but it was believed that some of it would come to this state. Missouri has been receiving coal from the east for the past several weeks, but in small quantities.

Another new element in the situation was the rumors from Jefferson City that Gov. Gardner was considering taking over the strip mines of the state and operating them with volunteer miners. On the same plan as that put in force by Gov. Allen, of Kansas. All day yesterday the governor conferred with Attorney General McAllister, State Labor Commissioner William H. Lewis, and Chief Mine Inspector Geo. and **a number of operators**, headed by Fred W. Lukins, of Kansas City.

Numerous plans for operating the mines were discussed, it was said, but a hitch was encountered when Attorney General McAllister, found that under the Missouri laws it would not be possible to take over the mines under state receivership, as was done in Kansas, and that if Missouri mines were taken over, it would have to be done under executive decree proclaiming their seizure under public necessity.

It was believed that at least the strip mines in Barton county on the state line adjoining the mines in Pittsburg, Kansas, would be producing coal within a few hours, with volunteers working the pits. Parts of the Seventh Infantry, of Kansas City, was on guard duty there today, having been sent in yesterday on orders from Gov. Gardner, to protect volunteer miners if they are sent into the pits and to guard against trouble from the Kansas side. There was considerable discussion at the Jefferson City conference of reciprocal operation of these mines between Kansas and Missouri. Some of the coal mined on the Missouri side is loaded on the Kansas side of the state line, owing to the situation of the mines, and some of the Kansas mines are located so that the coal is loaded on the Missouri side.

The Regional Fuel Committee has appealed to Dr. Garfield, National Fuel Administrator, to issue orders that prices of fuel oil at the time the coal mines were closed shall continue during the strike. This action was taken following alleged profiteering in fuel oil. It was suggested that if the fuel oil companies refuse to maintain reasonable prices the fuel administration take over the distribution of fuel oil and fix prices on it. A great many industries are installing fuel oil burners in the hope of preventing closing down and throwing employes out of work.

PASSENGER SERVICE CURTAILED ACCORDING DISTRICT CONDITION

Washington, Dec. 5.—Following a conference between Director General Hines and the operating directors of the eastern railway district, it was decided to curtail passenger train service only to the extend warranted by fuel conditions in each district.

JOHN M. CANADY, 70, DIES AT HOME SOUTH OF CITY

John M. Canady, 70 years old and a long time resident of Nodaway county, died at eleven o'clock last night at his home, five miles southeast of Maryville.

The body will be taken to Albany for burial and the funeral services will be held there Sunday afternoon.

Mr. Canady had lived for about 25 years in Nodaway county. Besides his aged wife, he is survived by a son, Mac Canady of Douglas, Wyo., two daughters, Mrs. Jennie Smith of Warren, Mo., and Mrs Grace Clements of this city and a step son, C. E. Ernst of Albany, and twenty four grand children.

Mr. Canady has been a active member of the Christian church at Arkoe for the past twelve years.

OPENING QUITMAN MINES PRACTICAL

QUANTITY MAY SUPPLY MARYVILLE AND COUNTY.

ORGANIZATION STARTED

Heifner, McCaffrey and Baker Visited Fields This Morning. Additional Conference Sunday.

J. J. Heifner, Charles McCaffrey and Dan R. Baker visited Qiutman this morning and conferred with a number of people over there about their coal mines.

"There is no question but there is enough coal in that community to supply Maryville and Nodaway County. It is of a good quality, some saying it as good or better than the Illinois coal. It can be delivered to Maryville, we figure, for about $8 a ton.

"The proposition to operate these mines is a feasible and practical one, and some organization should be perfected at once toward getting a working capital to work them."

Mr. Heifner is very familiar with the mines in the Macon, Mo., community.

Messrs. Baker and McCaffrey were of the same opinion as Mr. Heifner.

There are a few old coal miners in that community. These mines haven't been in operation for a few years, but some of them are of the opinion that a working capital of $2,000 to $2,500 would be a good start and would permit the sinking of two shafts. It would take probably thirty days before operation could commence at these mines, and probably from 40 to 60 days before any coal could be had in Maryville.

These men are to go to Quitman again Sunday afternoon where they will confer with R. J. Bilby and H. C. Bailey and a number of others. Some steps toward an organization will probably be taken at that meeting. The residents of the Quitman community are very much interested and strong for this proposition.

GIRLS B. B. TEAM TO PLAY ALBANY TONIGHT

The High school girls basket ball team went to Albany this morning where they will play the Albany high school girls tonight. The girls will be accompanied by Miss Hart and Miss Means teachers. and the players are Mabel and Evelyn Raines, Ruth Bookman, Mary Miller, Justine Fraser, Ruth Miller, Martha Kennedy, Neva Owens and Margaret Remus.

The girls have a strong team this year and have been taking some good practice under the direction of Coach Ezell. The game tonight will be the first of the season.

A "pep" assembly was held at the High school yesterday afternoon. Quite a bunch of "rooters" are going with the girls.

At the assembly Prof. L. E. Zeigler, Foreman ex-captain of the foot ball team; Kirby, captain of the boys basket ball team, Jesse Boatman, president of the H. S. athletic asociation and Ruth Bookman, captain of the girl basket ball team each gave talks urging the students to give support to their organizations and the meeting wound up with some snappy yells.

Supt. McDonald made a talk to the students, explaining the coal situation and the need of co-operation and made a call for all able bodied boys to chop wood Saturday .

The girls will not return from Albany until Saturday night.

ALL CITY SCHOOLS CLOSED AT ONCE

RESERVE SUPPLY OF FUEL GIVEN OVER TO COMMITTEE.

MUNICIPAL WOOD READY

City Still Needs Additional Men to Chop Wood and Teams and Trucks to Haul.

TO THE PUBLIC:

The Fuel Committee will be able from now to take care of the few orders for wood for persons absolutely needing it at Gray's feed yard.

All orders should be given to Mr. J. H. Gray at the feed yard and paid for at the time of purchase and the wood will be delivered as promtly as possible.

This wood will be sold at cost to us, varying in price according to quality.

F. P. Robinson
W. O. Garrett
Geo. A. Pickens

To the People of Maryville:

After your fuel committee had issued their statement of yesterday some new facts were brought to our consideration relative to the possibilities of our securing any further coal for any purpose, and we made some investigation with the parties who have the duty of distributing what coal will be available in the country, and as a result of said investigation we are now of the opinion that if we permit the consumption of coal in our schools, which are looked upon by the regional committee as non-essential, that it will prejudice our case in the eyes of the regional committee and may result in us being unable to get any further coal released to us.

We therefore called into consultation this morning the Maryville school board, President Richardson of the State Teachers College and the heads of the two parochial schools and a few business men of the community, and after stating our information and opinion to those assembled the matter was fully discussed and we, as your committee, made the request to each of said school heads that they close their schools at once and place their reserve supplies of fuel in our hands for distribution to the homes or to the water and light plant, as the necessities may require.

The Maryville school board has complied with our request as have also Rev. Fr. Neimann and Rev. Fr. Odilo, heads of the two parochial schools, and President Richardson of the State Teachers college, not being vested with the necessary authority to act in the matter, has laid our request before the board of regents of said school.

The Ministerial Alliance of Maryville also met this morning and have just informed us that they are ready to assist us in every way possible, and have ordered the closing of all their churches until in our judgment it would be proper to reopen them, and they will have no services at any of the churches until further notice.

Our understanding with the pastors of the two Catholic churches is that they will have one service Sunday morning without any heat.

We are very much pleased with the response of all these people to our request and we want to impress upon the people of the city that the action of these various bodies means a great sacrifice in many ways, and we believe that the good people of Maryville will appreciate these sacrifices and will make their own sacrifices along the same lines, and we urgently request that in all of the homes every effort be made to conserve fuel. We suggest that this may be done by cutting down the number of rooms heated where it is possible and cutting down the number of lights used to the very minimum.

We are now prepared to furnish wood in small quantities to those who need it most, and those who need wood should apply directly to J. H. Gray of Gray's Feed Yard, and he will sell them what is required for their needs in his judgment, and the price will be cost to us at the feed yard according to quality.

We also suggest that some saving of fuel can be made by the people cutting the use of the city water to the lowest point, as anyone will realize that the less water we can use the less the city plant will have to pump, and this of course will save fuel.

We are still greatly in need of additional teams and trucks to haul wood and strong armed men to chop wood.

W. O. GARRETT,
GEO. A. PICKENS

NO SERVICES IN PROTESTANT CHURCHES OF CITY SUNDAY

Aid Fuel Committee in Every Way. Protestant and Science Churches Offer Supply to City.

At a meeting of the Ministerial Alliance of the city this morning it was decided in order to co-operate in every way with the fuel committee, to hold no services of any kind in the Protestnat churches Sunday, or until further relief in the coal shortage is established.

The churches have also placed all coal on hand subject to the distribution of the committee should it be required. The First Church of Christ, Scientist, has also closed its church building entirely, including the reading room and offered the coal supply on hand for city use when needed.

A number of the Sunday school teachers are arranging to have their classes meet in their homes Sunday morning and this is permissable in any home without violation of fuel conservation.

UNIVERSAL SUPPORT GRATIFYING TO CITY FUEL COMMITTEE

The hearty and immediate support given the fuel committee by every merchant and business concern in the city has been very gratifying to the committee. Many merchants have been put to serious inconvenience to do this but are making the best possible out of the situation and lending all help. There is only two or three exceptions where they have failed to do so, and this was in a measure misunderstanding.

Only the strictest economy and continued rigid observance of the conservation rules given out by the committee will avert general suffering and the absolute necessity for this is urged by the fuel committee.

MANY COAL MINERS NOW RESUME WORK

STRIKE GRADUALLY BREAKING ACCORDING TO REPORTS

HALF MINES OPERATING

One Third Passenger Train Service Cancelled After Monday. Priority List Stands.

Washington, Dec. 5.—The coal strike is gradually breaking up according to the statement made today by Assistant Attorney eGneral Ames, who said the reports reaching the department of justice showed the coal miners were gradually returning to work. About 50 per cent of the mines are now at work according to Ames which means approximateiy two hundred and fifty thousand men producing coal and unless there is a change, the officials believe the production will increase from now on. Priority list on coal distribution now in effect will stand and there will be no changes, it was authoritively stated by the fuel administration today.

Columbus, Ohio, Dec. 5.—Coal operators and miners will meet today without demands in an effort to reach some basis of agreement by which Ohio mines may resume operations. Governor Cox is reported to have definite plans for settlement to present to miners and operators which if accepted mean quick resumption of mining in Ohio.

Chicago, Dec. 5.—Railroad officials in middle west are today rearranging schedules to meet the one third reduction ordered in passenger train service in the central and southwestern and north western divisions effective Monday and which is expected to save eleven thousand tons coal daily.

Another Divorce Suit Next Term.

A divorce suit filed today was by Jessie Leah Goodwine against Harry J. Goodwine. The petition states they were married in Buchanan County on May 16, 1908, and lived together until June, 1919. The petition alleges that the defendant has been associating with other women, corresponding with them and exchanging photographs with them. S. E. Browne of Hopkins is the attorney for the plaintiff.

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

John Griffin, of near Tina, Mo., left last Sunday morning for his south Missouri home after finishing husking corn on the farm he recently sold east of Hopkins. Prof. Richardson, a former superintendent of the Hopkins school, is superintendent of the school at Tina and according to Mr. Griffin, is just as popular there as he was here. Although Tina is a town of only about 500 inhabitants, they have as good a school as towns of twice and three times the size.—Hopkins Journal.

"KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. They work while you sleep.—Adv.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!—Adv.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

A Nervous Wreck Following LaGrippe

Kirksville, Mo.:—"I had a severe case of the la grippe and did not get along well afterward; it left me weak and a nervous wreck. I could not do anything. I went on this way for some time, just could not get back my health. I took many medicines but without results. At last I began taking Dr. Pierce's Favorite Prescription and it soon built me up and gave me strength and I felt like a different person. Women who want a good medicine will find it in 'Favorite Prescription.'"—MRS. A. SHAIN, 402 W. Illinois St.

Weak Women Should Take Heed

Hannibal, Mo.:—"Dr. Pierce's medicines have been a great help to me during the past ten years. The 'Favorite Prescription' cured me of woman's weakness and many times when I was run down and nervous this medicine has restored me to good health. And for cleansing one's system and keeping it in perfect condition, Dr. Pierce's Pleasant Pellets can't be equalled. I have also taken Dr. Pierce's Anuric Tablets and have been greatly benefited. I have proved that Dr. Pierce's medicines are fourfold, and more. They promote health, prevent untimely deaths, restore fully, and keep off doctor bills. Why do they do this? Because they are made of roots, herbs and barks—Nature's remedies, and they produce pure blood, the secret of health."—MRS. LUNA V. CHRISTIAN, 605 Fulton Ave.

Backache, Dizziness and Pain

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic, known as Dr. Pierce's Favorite Prescription. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Dr. Pierce's Favorite Prescription is in tablets or liquid. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and send a trial size for 10 cents.

Overland

With Three-Point Cantilever Springs New Overland 4 Seems to "Sail Over the Roads"

THE new Three-Point Cantilever Springs of Overland 4, by their special construction and design, protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The blows of the road seldom reach you. There is less tendency to bodily fatigue after long rides.

The springs of Overland 4 attached at the ends of a 130-inch Springbase give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase.

Three-Point Cantilever Springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce up-keep costs.

Equipment of Overland 4 is dependable and complete from Auto-Lite Starting and Lighting to Tillotson Carburetor.

250,000 miles of test have made the strength and endurance of this car a matter of record.

See Overland 4 at the first opportunity. Ask for booklet. Overland 4 Touring, $845; Roadster, $845; Coupe, $1325; Sedan, $1375. Prices f. o. b. Toledo.

Mother and Daughter Doing Well.

"Mother and myself, taking the advice of some kind friends, are taking Mayr's Wonderful Remedy for bad stomach and liver trouble and bloating. The medicine is rightly and well named 'Wonderful' for such it is. It has certainly done wonder for us both." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Pharmacy and druggists everywhere. ADV.

Box Social at Barnes School.

A box and pie social was held at the Barnes school near Graham. An exceptionally large crowd attended. The prize of a large cake was given to Miss Bernice Westfall who was voted the most popular young woman. A bottle of pickles for the most love sick young man went to O. W. Long. The rolling pin and pipe for the woman with the laziest husband was awarded to Mr. and Mrs. Henry Moore. The sum of $71.83 was made at the social. Miss Bernice Westfall is teacher.

Moved to Wilcox.

Howard Garret moved to Wilcox last Monday, where is now engaged in the lumber and hardware business. We are sorry to see Howard and his wife leave our little city, but we can cheerfully recommend them to the citizens of Wilcox as live energetic young people that will be of great benefit to their place, both in a business and social way.—Clearmont News.

Entertains Societies.

Miss Beatrix Winn of the State Teachers College faculty was hostess yesterday afternoon to the three literary societies in the music room at the college. As the guests entered the room they drew numbers which indicated the group they were to join. Five groups were formed and among the questions asked was, "How can we make the literary society better in the school?" Refreshments of tea and sandwiches concluded a delightful afternoon. Some of the faculty members were also guests.
